

# Adil Amjadkhan Inamdar

MERN Stack Developer

Nashik, India | +91 7057835221 | adilnamdar617@gmail.com

LinkedIn | GitHub | Portfolio

## Professional Summary

MERN Stack Developer with hands-on experience building and deploying full-stack web applications using MongoDB, Express.js, React.js, and Node.js. Completed a 6-month professional internship and MERN Stack training program at Codempower. Experienced in REST API development, JWT authentication, database design, cloud deployment, and responsive user interfaces. Passionate about building scalable web applications and continuously expanding full-stack development expertise.

## Technical Skills

- **Frontend:** HTML5, CSS3, JavaScript, React.js, Bootstrap, Tailwind CSS
- **Backend:** Node.js, Express.js, REST APIs, JWT Authentication
- **Databases:** MongoDB, Mongoose, PostgreSQL, SQL
- **Tools:** Git, GitHub, VS Code, Postman, MongoDB Compass, Render, Vercel, Canva, Figma (Basic)
- **Concepts:** MVC Architecture, CRUD Operations, Authentication & Authorization, Responsive Web Design, State Management

## Projects

**Employee Management System — React.js, Node.js, Express.js, MongoDB**      Live Demo | GitHub

- Developed a full-stack employee management platform that streamlines employee records, attendance tracking, leave requests, and administrative operations.
- Implemented role-based access control for administrators and employees with secure authentication workflows.
- Built secure REST APIs using Node.js and Express.js with MongoDB integration.
- Designed responsive dashboards for administrators and employees.
- Implemented JWT authentication and protected routes for secure access.

**AI Website Builder — React.js, Node.js, Express.js, MongoDB**      Live Demo | GitHub

- Developed an AI-powered platform that reduces website creation time by generating layouts and content from user prompts.
- Developed dynamic React components with real-time preview functionality.
- Integrated AI workflows to automate website creation and improve productivity.
- Implemented responsive UI design and scalable MERN architecture.
- Created a streamlined user experience for rapid website generation.

## Experience

**MERN Stack Developer Intern**      Codempower (6 Months)

- Developed full-stack web applications using MongoDB, Express.js, React.js, and Node.js.
- Created REST APIs, authentication systems, and responsive frontend interfaces.
- Worked with MongoDB and Mongoose for schema design and data management.
- Utilized Git and GitHub for version control and collaborative development.
- Deployed and maintained applications using Render and Vercel.

## Education

**Bachelor of Computer Applications (BCA)**      2025

**Master of Computer Applications (MCA)**      Expected 2027

External Program (Ongoing)

**MERN Stack Development Program**      2026

Codempower

## Certifications

- MERN Stack Developer Certification – Codempower
- 6-Month MERN Stack Internship Completion Certificate – Codempower
